

Sussex Shrine Club Report

Sussex Shrine Club continues to hold monthly meetings on the fourth Tuesday of most months. Although we are small in numbers the club continues to take part in all the Luxor activities. Plus we have recently, for the first time in a while, picked up two new members. These members are very active and it is hoped this is the beginning of a resurgence.

Once again the Sussex Club had to show the rest of the nobility how curling is done. The few nobles able to fundraise have successfully taken part in all Luxor activities. A complete sell out of calendars and fezeroo tickets were accomplished. As well nobles were able to assist with the festival of trees and car parking at the Atlantic Balloon Fiesta. The Sussex area also provides the largest number of ad sponsors for the Luminary, per member ratio. All in all well done Nobles.

The transport of local Sussex area patients to the Canadian Shrine Hospital in Montreal remains our main focus. We currently have three children who make visits as needed.

For the first time in years we were able to elect a largely new slate of officers for the club. Thus this will be my final report as president. Any visitation at our meetings by fellow nobles would be greatly appreciated.

Yours in the Faith,

Noble Brian Keating

Past President
